

# Navigating the Mosman Art Society Website

## *Welcome to the Website!*

Here is a guide to assist you in navigating around the site. In the centre of the **Home** page is the **Directory** which lists the various *categories* under which information is stored eg, About us ..., Contact us ..., Demonstration/Talks ... etc Clicking on anyone of these *categories* takes you to the information site for that topic.

Across the top of the screen underneath the Society logo are headings which duplicate the **Directory** and which are visible still when you enter a category. This enables you to **return** from the *category* screen to the **Home** page or indeed any other *category* screen. Many of the headings have drop down menus when the curser is moved over them. This takes you to the subcategories associated with the heading.

On entering a category site, for example, Plein Air Painting Group there is a list of the various venues and times for the Group to meet. Under the heading 'Notes' in blue writing is [Continue reading](#). Clicking on this take you to more information about the individual venues including a *Google Map*.

Under the *Membership* category heading is RENEWING YOUR MEMBERSHIP. This introduces the use of forms. Clicking the [Membership Application and Renewal Form](#) towards the bottom of the screen goes to a new screen which you can print out via your computer for those who are more comfortable sending their information by post. Below this is the **Online Application Form** which can be filled in on the screen and submitted by clicking the SEND button. After using the Form you may need to use the *arrows* of your internet browser at the top left of your screen to return to the Society website.

Also under *Membership* category is the Members Gallery. We hope that all members will contribute photos of their work and a brief bio to this site so the Society can showcase its talent. Members are listed alphabetically underneath an example of their work. Clicking on their painting opens a window with further examples.

Down the left side of your screen is the Events calendar. If the curser is moved over any date in **red** a small window appears listing the Event for that date. Below the Calendar are listed the *next date* for Exhibitions, Plein Air Painting Group and Demonstrations.

**We hope that this brief introduction helps you enjoy using the website!**
